- (III) 10.00 am    11.30 am      **Pot Pourri for diagnosis**  
**Chairpersons:** R. D. Lele, S. D. Bhandarkar, A. Nair, N. Dorairajan, D. C. Patel, A. R. Undre
1. Role of Ultrasound: M. S. Joshi
  2. Role of CT & MRI: S. B. Desai
  3. Role of Isotopes: V. R. Lele
  4. Role of FNAC: S. R. Khubchandani
  5. Role of Frozen Section: A. R. Chitale  
(8 mins for each speaker)
- (IV) 11.30 am    12.30 pm      **Solitary Nodule Thyroid - Panel**  
**Moderators:** S. K. Bhansali, P. S. Venkatesh Rao, V Gupta, S. S. Welling, A. B. Modi  
**Panelists:**  
H. Chandalia, P. S. Venkatesh Rao
- (V) 12.30 pm    1.30 pm      **Current concepts in the treatment of hyperthyroidism**  
**Moderators:** N. Dorairajan, P. S. Venkatesh Rao, H. Chandalia, P. H. Doctor  
**Panelists:** S. K. Bhansali, S. K. Mishra, A. Nair, V. R. Lele, V. Gupta
- 1.30 pm    2.00 pm      **Lunch**
- (VI) 2.00 pm    3.30 pm      **Symposium: Differentiated Carcinoma of Thyroid**  
**Chairpersons:**  
S. Bhagwat
1. Molecular Biology & its clinical relevance: S. K. Mishra
  2. Diagnosis (Preop and Intraop): N. Dorairajan
  3. Risk Stratification: A. Nair
  - 4.
  5. Management of Lymph nodes: V. Haribhakti
  6. Surgery for Locally advanced cancer: A. R. Fakih
  7. Role of Isotopes as Adjuvant Therapy: S. Basu
  8. Follow up protocols: V Rangrajan  
(7mins each talk)

(VII) 3.30 pm 4.00 pm

**Lectures:**

**Chairpersons:** H. Chandalia, A. Fakih

- 1.
2. MEN: V. Gupta  
(8 mins for each lecture)

(VIII) 4.00 pm 5.30pm

**Symposium: Primary hyperparathyroidism**

**Chairpersons:** S. H. Chandalia, S. K. Bhansali, V. R. Lele, N. Dorairajan,  
P. S. Venkatesh Rao

1. Diagnosis: Nalini Shah
2. Medical treatment: S. D. Bhandarkar
3. Role of localization studies: V. Haribhakti
4. Surgical considerations: S. K. Mishra  
(10 mins for each lecture)

**15<sup>th</sup> March 2009**

(IX) 8.30 am 9.30 am

**Symposium: Adrenal Disease**

**Chairpersons:** P. Chibber, H. Chandalia, A. Nair, A. Dalvi,  
P. S. Venkatesh Rao

1. Diagnosis of pheochromocytoma: N Shah
2. Preoperative Anaesthetic consideration: D. Dasgupta
3. Surgical Techniques Open Vs Laparoscopic Surgery: D. Bhandarkar
4. Incidenteloma: S. K. Mishra  
(7 mins for each lecture)

(X) 9.30 am 11.30 am

**Symposium: Gut Endocrine Tumors**

**Chairpersons:** S. Nagral, A. Nair, N. H. Doctor, K. P. Balsara, C. R. Shah,  
K. K. Khandelwal, A. Dalvi,

1. Diagnosis: Sharad C. Shah
2. Scope of localization studies: S. R. Shah
3. Surgical Treatment: S. Nagral
4. Radio frequency ablation Metastatic diseases: N. H. Doctor  
(15 mins for each lecture)

(XI) 11.30 am 2.00 pm

**Case Capsules and Grand Rounds**

**Moderators:** S. K. Bhansali, N. H. Doctor, V. Gupta, S. K. Mishra,  
A. Nair, N. Dorairajan, A. P. Mehra, S. R. Shah, K. K. Khandelwal,  
G. Talwadkar, A. Gwalani, P. S. Venkatesh Rao, A. D

**Presenters:** (Most of our residents + Faculty Members)

2.00 pm 2.45 pm

**Lunch**

(XII) 2.45 pm 5.30 pm

**Composite Video Session**

**Moderators:** Surgeon Rear Admiral (Retd). S. K. Mohanty, S. K. Mishra,  
A. Nair, N. Dorairajan, D. Bhandarkar, J. B. Agarwal,  
P. S. Venkatesh Rao

**Presenters:** K. P. Balsara, C. R. Shah, S. K. Mishra, A. Nair, N. Dorairajan,  
D. Bhandarkar, A. Dalvi

Day 1 Sessions I VIII

Day 2 Sessions IX - XII
